NTM School shifted to Maharani Teacher Training Institute

Government Order

Mysuru, Feb. 4 (SBD&DM)- Following a Government Order (GO), the New Type Model School (NTM School) located on Narayana Shastri Road (N.S. Road) in the heart of the city was shifted to the closeby Maharani Teacher Training Institute yesterday, amidst protest by 'Save NTM School Committee' (NTM Shaale Ulisi Horata Okkoota).

Following a direction by the Commissioner of Public Instruction, the authorities shifted the NTM School to Maharani Teacher Training Institute that is located opposite NTM School, after school hours.

The School's furniture, stationery and other articles were shifted in lorries and goods autos under the supervision of DDPI Ramachandraraje Urs, BEO Ramaradhya, BRC Nagesh and other officials with Police providing tight security.

DDPI Ramachandraraje Urs and others seen with students of NTM School, now functioning at Maharani Teacher Training Institute.

The shifting process began after the school children left for home at around 4.30 pm.

Even as the goods vehicles were about to leave the NTM School premises, activist S.R. Sudarshan of Save NTM School Committee arrived at the spot and tried to prevent the vehicles from moving out. Maintaining that it is not correct on the part of the authorities to shift the NTM School at a time when talks are underway to build Vivekananda Memorial at the site while also saving NTM School, Sudarshan sat down in front of the goods vehicle in protest.

(See NTM SCHOOL on page 6)

The Government on Jan.1, 2013 had issued an order sanctioning 36,591.66 sq.ft of land in NTM School premises on N.S. Road that also included BRC building, to Mysuru Ramakrishna Ashram and Ramakrishna Mission for construction of Swami Vivekananda Memorial and Viveka Cultural Youth Centre at the site.

Following the sanction of land, the Government on Jan.7, 2022, issued a fresh order for shifting of NTM School to the premises of Maharani Teacher Training Institute. Following the GO, the Commissioner of Public Instruction issued a reminder on Jan.29 directing for action in this regard.

Acting on the GO and instructions of the Commissioner of Public Instruction, the authorities on Thursday evening shifted the NTM School to Maharani Teacher Training Institute. Following the shifting, the NTM School commenced classes at the new venue from this morning (Feb.4).

UNESCO tag for Hoysala Temples: Deve Gowda thanks PM Modi

New Delhi, Feb. 4 (Agencies)- JD(S) Supremo H.D. Deve Gowda on Wednesday thanked Prime Minister Narendra Modi for accepting the suggestion of lovers of art and heritage in Karnataka, for finalising Hoysala Temples of Belur, Halebid and Somnathapura in the State, as India's nomination for World Heritage List for 2022-23.

"Happy, proud that Temples of Hoysala architecture in Belur, Halebid and Somanathapura are India's official nominations seeking the UNESCO world heritage tag. I sincerely thank @PMOIndia for accepting my suggestion as well as that of all lovers of art and heritage in Karnataka," Deve Gowda said in a tweet with the copy of the letter.

The Union Culture Ministry on Monday had said the Hoysala Temples of Belur, Halebid and Somnathapura in Karnataka have been finalised as India's nomination for World Heritage List for the year 2022-2023.

Calling it a moment of great pride for Karnataka that India has officially nominated 'The

Narendra Modi *Deve Gowda*

Sacred Ensembles of The Hoysalas' to the World Heritage List of 2023, Karnataka Chief Minister Basavaraj Bommai in a tweet on Tuesday had said, "these exquisite works of architectural excellence are wonders that have to be witnessed and their grandeur soaked in."

The 'Sacred Ensembles of the Hoysala' have been on UNESCO's Tentative list since April 15, 2014, and stand testimony to the rich historical and cultural heritage of this country. The site evaluation will happen in September or October this year and the dossier will be taken up for consideration in July or August next year.

Belur and Halebid are in Deve Gowda's home district of Hassan. Karnataka's Hampi and Pattadakal are already among UNESCO's world heritage sites.

EDITOR'S BOTTOMLINE

THE RETURN OF THE MAHARAJAH: ***History has come full circle with Air India returning to the Tatas who had once owned it. The airline, which was started in 1932 by the Tata Group and was growing and thriving, was nationalised in 1953. It began to decline in the 1980s in the post-JRD Tata era. Its deterioration accelerated with the liberalisation of the economy and the entry of competition. Mismanagement at political, bureaucratic and other levels ensured that the company went from bad to worse and never recovered. In the last one decade, more than Rs. 1 lakh crore of taxpayers' money was sunk into the airline, but it all went down the drain. It reported a loss of over Rs. 54,000 crore in the first half of the current financial year. Selling off the company was the only way out to avoid more losses. It is a measure of the poor state of the company that even selling it was not easy. After a long period of uncertainty, it has now gone back to the Tatas at its lowest point.***

The Tatas face serious challenges as they take over a company in such dire straits. But there are many positives also that can be used to chart a course of recovery. The deal includes Air India, the low-cost airline Air India Express, and the company's ground and cargo handling arm. Air India has 99 fully owned and 42 leased aircraft, though some of them are not in the best condition. It has 2,738 landing slots in foreign countries and 4,400 slots at airports in India. The Tatas, with two airlines, Vistara and Air Asia, have the experience and expertise necessary to turn the company around. The airline industry emerged as a major industry in the country in the last two decades but faced major problems as it grew. The COVID-19 pandemic has aggravated the situation. But the industry has great potential and the Tatas have made it clear that they intend to make Air India a part of that future. — *In Deccan Herald*

Businessman builds castle in the middle of lake

Kabardino-Balkaria: Chateau Erken, in the Russian Federation's Kabardino-Balkaria autonomous republic, looks like an extremely well-preserved medieval castle, but in reality, this architectural wonder is just over a decade old.

Located in the vineyard-dominated countryside of Kabardino-Balkaria, Chateau Erken is a tourist attraction unlike any other in Russia. Not only does it mimic the fortress-like design of European medieval castles, but its location in the middle of a man-made lake full of fish and wild birds is just as impressive. People from all over the country come to this rural area in Southern Russia to see Chateau Erken in person. Photos and videos of this amazing castle have been doing the rounds on social media for years, but some people still can't believe it exists and that it was built not by a king, but by a legendary businessman.

Heavy soot pollution causes snow to turn black

Omsukchan: Residents of several villages in Russia's Magadan region have recently reported black snow caused by the soot produced by an outdated, coal-powered water-heating plant.

In Omsukchan and neighboring Seimchan, two villages in the Siberian far east, snow doesn't always look the way you'd expect. In fact, sometimes it's quite the opposite. Instead of an immaculate white covering everything as far as the eye can see, locals are treated to a nightmarish view of black, soot-covered snow that the kids sometimes play in. Photos and videos of this disturbing scenery have been doing the rounds online every winter for years, but locals say that despite the temporary outrage they spark online, nothing ever changes.

HEALTH CAPSULE

Strengthen your immune system through a proper diet

Increase your consumption of fruits and vegetables, with at least five servings a day. They contain a lot of vitamins A and C, in addition to antioxidants, which will help you fight infections. Eat legumes at least two- three servings a day as pulses and legumes are a good source of protein.

SC rejects plea to postpone GATE exam

New Delhi, Feb. 4 (UNI) - The Supreme Court on Thursday dismissed a petition seeking postponement of the Graduate Aptitude Test in Engineering (GATE) examination 2022 due to COVID-19. The exam is to begin from Feb. 5.

A Bench headed by Justice D.Y. Chandrachud said that postponing the examination would lead to anarchy and uncertainty, which would adversely affect the future of the students.

The petition demanded a postponement in view of the third wave of COVID-19.

On a plea by advocate Pallabh Mongia for an early hearing, the Top Court dismissed the petition.

This time, the Indian Institute of Technology (IIT) Kharagpur is conducting the exam. The exam admit cards have been issued. The petitioners said about nine lakh candidates were appearing in the examination, out of which a large number of candidates are continuously demanding a postponement.

No street-lights on Ring Road

Sir,

This is to bring to the notice of the concerned authority that the street-lights installed on the Ring Road are not functioning since two months.

This has been a big problem for people travelling in this road after second shift and during evening hours.

This will lead to problems and give rise to robbery and other activities too. I urge the authorities to bring back the lights for smooth movement of people.

Alleged privileged treatment at Parappana Agrahara

Sasikala chargesheeted by ACB

Sasikala

Bengaluru, Feb. 4 (UNI)- The Karnataka Anti-Corruption Bureau (ACB) has filed a chargesheet against ex-AIADMK General Secretary V.K. Sasikala and prison officials in connection with alleged privileged treatment given to her in the Parappana Agrahara Central Prison.

The ACB submitted the chargesheet before a Karnataka High Court Bench of Chief Justice Ritu Raj Awasthi and Justice Suraj Govindaraj. The bench was hearing a petition by social worker K.S. Gita on Wednesday.

The chargesheet has also been filed against Sasikala's sister-in-law J. Ilavarasi and four prison officials — Krishna Kumar, R. Anitha, B. Suresh and Gajaraja Makanooru. They have been booked under Sections 465, 468, 471, 120B and 109 of the Indian Penal Code and Sections 13(1)(c) and 13(2) of the Prevention of Corruption Act, 1988.

The episode came to light when the then Deputy Inspector General of Prisons D. Roopa, in 2017 claimed that Rs. 2 crore was paid to facilitate preferential treatment for Sasikala in prison.

The then Director General of Police rubbished the allegations. Retired IAS officer Vinay Kumar found merit in her allegation and submitted a 295-page report in 2019.

In January last year, Sasikala was released from prison after serving a four-year jail term in a Rs. 66 crore disproportionate assets case. After receiving a tumultuous welcome on her return to Tamil Nadu, Sasikala said she would re-enter full-time politics. In March last year, she took a U-turn. Of late, she has been signalling a return to politics.

Minister visits Industrial areas

Mysuru, Feb. 4 (RKB&DM)- In a bid to learn about the industrial environment of Mysuru, Industries Minister Murugesh Nirani visited some of the industrial areas and lands in and around the city this morning.

NEWS BRIEFS

Exam Centre changed

The examination centre for the written exam of Primary and High School teachers, HMs posts and various other posts has been changed to Maharani Government PU College for Women on Narayana Shastri Road in city, according to District Institute for Education and Training (DIET) Principal. The registered candidates must be present at the examination centre at 10 am, according to a press release.

Awareness Prog.

The Department of Labour has organised a Divisional level awareness programme on implementation of various Acts at Government PU College, Lakshmipuram in city tomorrow (Feb. 5) at 11.30 am. College Principal and students will be present, according to a press release from Assistant Labour Commissioner.

Appointed

Mohammad Azar, a resident of Narasimharaja Constituency, has been appointed as the State Secretary of Karnataka Pradesh Youth Congress (KPYC) with immediate effect, according to an order issued by M. Anil Kumar Yadav, Indian Youth Congress (IYC) National General Secretary, In-charge of Karnataka State dated Jan. 28, 2022.

Cheating customer by creating fake documents

Court orders registration of criminal cases against two persons including Bank Manager

Virajpet, Feb. 4 (KS)- The Virajpet Junior Grade Civil Court has ordered registration of criminal cases against two persons including the Manager of a Nationalised Bank for making away with gold ornaments pledged by a customer by creating fake documents.

One K.M. Chandregowda, a resident of Kedamallur village in Virajpet taluk had pledged gold ornaments worth Rs. 10 lakh at a Nationalised Bank in the village. Chandregowda's wife and his son in their complaint to the Court, have stated that after the death of her husband Chandregowda, her daughter and the Bank Manager had created fake documents and had made away with the pledged gold.

The Court, which heard the case, has ordered Virajpet Rural Sub-Inspector to register criminal cases under IPC Section 420, 463, 465, 468 read with 34 against Bank Manager Anju and late Chandregowda's daughter V.G. Rekha.

Addressing a press meet along with her lawyer yesterday, late Chandregowda's wife Shantha said that her husband had pledged gold ornaments worth Rs. 10 lakh at a Bank and following the death of her husband on June 20, 2020, she along with her son Paramesh, later went to the Bank to get back the pledged gold ornaments during which Bank Manager Anju told them to bring the Death Certificate of her husband, Family Tree and other documents.

She stated that after obtaining the required documents in a few days, she again went to the bank with the required documents and when she handed over the same to Bank, the Manager told her that her daughter Rekha had provided the documents and had got the gold ornaments released from the Bank.

When the Bank Manager showed certain documents, Shantha found out that her signature and her son's signature were forged and accused the Bank Manager's hand behind it.

Shantha further said that after obtaining the documents from the Bank under RTI, they registered a case in the Court and the Court yesterday ordered registration of criminal cases against the Bank Manager and her daughter. Shantha's lawyer V.P. Ramesh was present at the press meet.

Missing Kushalnagar ASI found dead

Body found floating in Konanur Lake

Kushalnagar, Feb. 4 (KS)- Suresh, Assistant Sub-Inspector at Kushalnagar Traffic Police Station, who was missing since 13 days, was found dead. His body in a decomposed state was found in Konanur Lake, Arakalgud taluk on Hassan district yesterday.

Suresh

The decomposed body of Suresh, who was wearing a T.Shirt and jeans pant, was fished out from the lake with the help of local people and after Konanur Sub-Inspector Manjunath and staff inspected the spot, the information was given to Kushalnagar Traffic Police Station.

Kushalnagar Assistant Sub-Inspector (ASI) Gopal and staff Shaji, Sudeesh and Pavithra rushed to Konanur and identified the body as that of ASI Suresh. Circle Inspector Mahesh and Sub-Inspector Appaji also visited the spot. The Police have suspected that Suresh may have committed suicide by jumping into the lake. A case has been registered and the Police are investigating.

It may be recalled that Suresh, a native of Konanur, was residing at a rented house in Siddaiah Layout at Kushalnagar. On Jan. 20, Suresh had returned the penalty receiving receipt book to the Police Station and had told the staff that he would return after two days. He had also made a video call to his wife and daughter in Bengaluru that night.

When calls were made to his mobile phone, it was switched off and his house was locked too. His wife had lodged a missing complaint at Kushalnagar Town Police Station.

It is learnt that Suresh was suffering from nervous disorder and according to the tower location, his phone was switched off at Gummanakolli near Kushalnagar on Jan. 20 night.

A special Police team was also formed to trace Suresh.

Unidentified bodies found

Mysuru, Feb. 4 (KS)- In separate cases, Mandi and Saraswathipuram Police have found bodies of unidentified persons in their respective jurisdictions and have shifted the bodies to MMC&RI mortuary.

In the first case, Mandi Police, on Feb. 1 at about 9 am, have found a body of an unidentified man on the footpath near City Railway Station on Irwin Road and have shifted the body to MMC&RI mortuary besides registering a case.

The deceased is aged between 35 and 40 years, 5.6 ft. tall, oily red complexioned, normal built, has wounds near his left eye and was wearing a red and grey coloured checks and stripes half arm shirt and brown pant, has the names 'Chowdamma' and 'Umeshanna' tattooed on his left arm and 'Uppiraj' and 'Pooja' on his right arm.

The kith and kin of the deceased, if any, may contact Mandi Police Station on Ph: 0821-2418313/513 or call Police Control Room on Ph: 0821-2418339.

In the second case, Saraswathipuram Police, on Feb. 1 at about 3.30 pm, have found a body of an unidentified man, aged between 40 and 45 years on the Railway Gate Road in K.G. Koppal.

The deceased is 5.5 ft. tall, oily red complexioned, round faced, normal built, has the names 'Krishnaveni' and 'Kishore' tattooed on his right hand and 'M. Velu' and 'Pappu' on his left hand. The deceased was wearing a blue coloured full arm shirt and black and blue coloured pant.

Saraswathipuram Police, who have registered a case, have asked the kith and kin of the deceased, if any, to contact Saraswathipuram Police Station on Ph: 0821-2418323 or call Police Control Room on Ph: 0821-2418339, according to a press release.

Obituary

Anjaparavanda Radha

Mysuru, Feb. 4 - Anjaparavanda Radha (Palanganda), wife of retired IGP Shambu Kunjappa and a resident of Sankalp Central Park, Yadavagiri, passed away yesterday in Bengaluru. She was 76. She leaves behind her husband, one son, one daughter and a host of relatives. Her body was donated to JSS Hospital in city.

B.S. Manjunath

B.S. Manjunath (46), a resident of Gandhinagar, passed away yesterday following heart attack.

He leaves behind his wife Abhilasha, daughter Akshara and a host of relatives. His eyes were donated to K.R. Hospital and last rites were performed at Adi Karnataka Burial Grounds in Gandhinagar yesterday evening.

K. Chudamani Sharma

K. Chudamani Sharma (75), a resident Vidyaranyapuram, passed away on Jan. 30 in city.

She leaves behind one son and a host of relatives and friends. Last rites were performed at the foot of Chamundi Hill.

B.C. Pramila

B.C. Pramila (69), wife of B. Jayaram and a resident of Hebbal 1st Stage, passed away yesterday morning. She leaves behind her husband, daughter Dr. Shubha Jayaram, son-in-law Dr. N. Sreenivas, grandsons Shreyas and Tarun and a host of relatives and friends. Last rites were performed at the foot of Chamundi Hill yesterday evening.

Manuvacharya

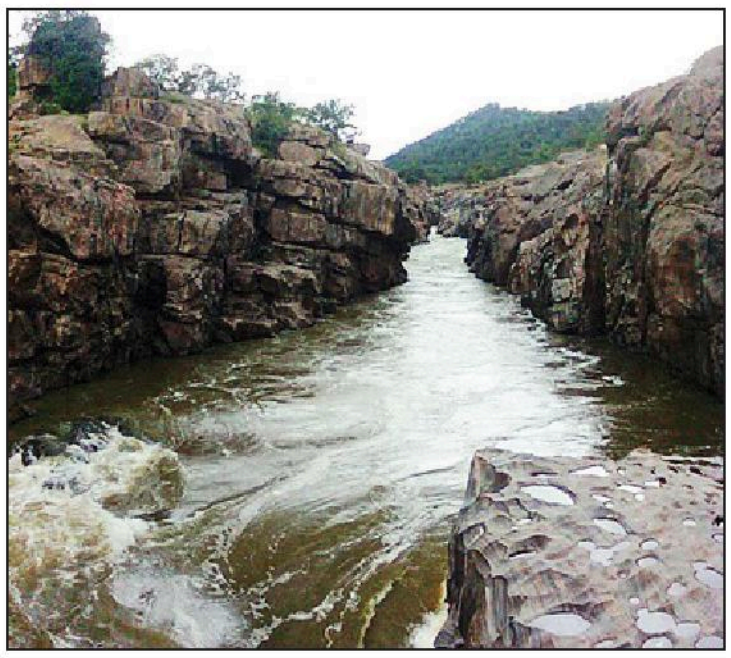
Hanur: R.S. Manuvacharya, Assistant Engineer of Male Mahadeshwara (MM) Hills Development Authority, passed away in the wee hours of yesterday, according to Authority Secretary Jayavibhavaswamy.

Manuvacharya, who was suffering from illness, was on leave since three months and had reported to duty about 10 days back. As he took ill again on Wednesday night, he was admitted to a private hospital in Mysuru, where he breathed his last yesterday morning.

A native of Savadatti taluk in Belagavi, he leaves behind his wife, two sons and a host of relatives. Last rites were held at Savadatti.

Mekedatu project discussion does not take place at CWMA

'Lack of consensus among Karnataka and Tamil Nadu'



New Delhi, Feb. 4 (PIB)- Discussion on the Detailed Project Report (DPR) of the Mekedatu balancing reservoir-cum-drinking water project was included as an agenda item during various meetings of Cauvery Water Management Authority (CWMA). However, the discussion on this issue could not take place due to lack of consensus among party States, the Lok Sabha was told yesterday.

This information was given by the Minister of State for Jal Shakti Bishweswar Tudu in a written reply.

Tamil Nadu had requested the Central Government to advise the Government of Karnataka not to take up the Mekedatu project.

The Feasibility Report (FR) of the project was submitted to Central Water Commission (CWC) by Karnataka for according "in principle" clearance for preparation of DPR of the project.

The Screening Committee of CWC in its meeting held on 24.10.2018 accorded "in-principle" clearance for preparation of DPR by project authority (Karnataka) subject to certain conditions, the Minister stated.

The conditions said: "As the main objective of this scheme as stated in the FR is to implement the Cauvery Water Dispute Tribunal (CWDT) Award as modified by the Supreme Court, acceptance of CWMA would be a prerequisite for consideration of the DPR by the Advisory Committee of the Ministry of Water Resources."

Subsequently, the DPR was submitted to CWC by Karnataka in January 2019 and copies of the same were forwarded to CWMA, the Minister replied.

Kodagu original inhabitants form Committee for Protection of Constitutional Rights

Madikeri, Feb. 4- **Dr. Mechira Subhash Nanaiah** of Murnad has been unanimously elected as the President of Kodagu Moolanivaasigala Samvidhanika Hakku Samrakshana Samithi, a Committee that has come into existence for the protection of Constitutional Rights of Kodagu original inhabitants.

Nanaiah's election was announced at a meeting of Kodagu Gowda Samajagala Okkoota held at Madikeri on Sunday, which was attended by representatives of various Kodava communities.

The meeting also elected Kodagu Gowda Samajagala Okkoota President Soortale Somanna as the Hon. President of the Samithi.

This apart, senior advocate Padinjharanda G. Ayyappa, who is the President of Kodagu Heggade Samaja, Kodava Muslim Association (KMA) President Duddiyanda H. Soofi, Kodagu Airy Samaja President Babbira Saraswathi and Savita Samaja leader Vedapanda Kiran as the Vice-Presidents of the Samithi.

The meeting also resolved to include representatives of all original inhabitant communities in the Samithi and to evolve plans for launching a movement for reddressal of issues.

Ibrahim will stay in Cong, asserts Tanveer Sait

C.M. Ibrahim

Tanveer Sait

Mysuru, Feb. 4 (MTY&BCT)- A day after miffed senior Congress leader and former Union Minister C.M. Ibrahim announced his intention of quitting Congress party and joining another political party, simultaneously floating a new socio-political movement 'ALINGOW' (Minorities, Lingayats and Gowdas), Congress MLA Tanveer Sait expressed confidence that Ibrahim will stay in Congress.

Speaking to reporters, Sait said that he would meet Ibrahim and convince him to stay in Congress. "Yes, he is upset for having been overlooked for the position of Opposition Leader in the Legislative Council and may be out of that frustration he has announced his intentions to quit the party. Differences of opinion are common in politics and I will strive to convince him to stay in the party fold," he said.

The veteran minority leader has also said he will resign as MLC on Feb. 14. "There is no tradition in the Congress to give plum political posts to party men based on their religion or caste. People have voted for the Congress all these years based on its programmes and not on religious or caste lines," he claimed.

"We will convince him not to leave the party. "Two years back, Ibrahim had stated that he would quit the party, but the party leaders managed to convince and retain him. We will prevail upon him this time too," he said.

Sait said that there was no use in blaming Opposition Leader in the Assembly Siddharamaiah for not helping Ibrahim to get the Council Opposition Leader's position. "It is a party decision and every functionary must accept it. Tall leaders are honoured when plum posts are granted and the same leaders are blamed when positions are denied. This is not right," Sait said.

When asked about Ibrahim accusing that there is discrepancy in allotment of grants to minorities, Sait said that the issue could have been addressed while making legislation. On the rousing reception accorded by his flowers to Ibrahim when he came to Mysuru, Sait said there is nothing wrong in it.

"Ibrahim is a Congress leader and he is very much in the party and my supporters have welcomed him in a grand manner. There is no need to accord a special status to this," he clarified.

A Memorial for Swami Vivekananda

A painful journey. When is the arrival?

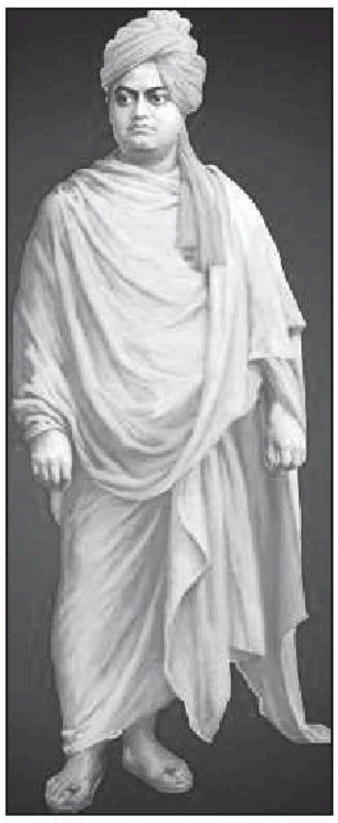
It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness..., it was the season of light, it was the season of darkness, it was the spring of hope, it was the winter of despair."

— Charles Dickens in *A Tale of Two Cities*

Good evening my dear readers of this column. For me this is an evening of grace, a new dawn for our Mysuru city, the cultural capital of Karnataka. I always thought, the educated here would always support (if not participate) in this cause of our city.

About 12 years back when this opportunity came, we were let down by a minuscule section of the local-educated. What was that opportunity?

The opportunity was when the then Prime Minister of India Dr. Manmohan Singh (UPA-Congress party) decided to celebrate the 150th Birth Anniversary of Swami Vivekananda at the very 1st meeting of the National Committee for Commemoration on 20th May, 2010 at Delhi.



Swami Vivekananda

But, how to celebrate? That 1st meeting decided on many avenues of celebration. One was "restoration of the buildings or places which are associated with Swami Vivekananda."

Among the places the Swami visited, Mysuru city was one. Are we not the fortunate? I would say when people like Buddha, Mahatma or a Vivekananda walk on our land, the earth under their foot gets sanctified. Naturally, the good earth of Mysuru city was sanctified leaving behind a subtle scent of spiritual and cultural dust. The UPA Government understood this inner feeling of our countrymen. Hence, took a right decision at the right time — 2010.

And who were there in that Commemoration Committee? Intellectual giants sir, intellectuals who always thought of the 'greatest good of the greatest number; not a selected number of parochials.' Their names please: Dr. Karan Singh; Pranab Mukherjee; Swami Prabhananda (Ramakrishna Mission, Kolkata); Narendra Modi, then Chief Minister of Gujarat; Aveek Sarkar [Chief Editor, Anand Bazar Patrika], Prof. MGK Menon and others. Could not we here in Mysuru and the State Governments headed by the Congress party and BJP TRUST the members of the National Committee? It is my opinion that self-denial of grace of this kind is self-curse.

I hope, at least since this morning we Mysureans are exorcised of this self-curse.

Let me recall now the ecstasy and then the agony that marked the beginning and end of the episode.

1. All the properties, including NTM School, Niranjan Mutt, Shiva Temple etc., handed over to Sri Ramakrishna Ashram, Mysuru, in 2013. Area 43,402 sqft.

2. This was done in accordance with the GO issued by the State Government on 9th January 2013 after a Cabinet meeting.

3. All set for the construction of a Viveka Youth Cultural Centre. Viveka Smaraka. I have seen a Centre of the proposed kind in Kolkata.

4. Plans duly approved by the State Government and the Central Ministry of Culture.

5. Plan for approval sent to our Mysuru City Corporation (MCC).

6. Funds from the Centre and State arrived.

7. The jinx for the Viveka Smaraka began with the arrival of Congress Government in our State (from 2013, May till 2018 and then BJP Government till today, 2022, Feb. 4).

The lesson I learnt, as in many instances in the long history of India is: The vulnerable, susceptible Soft Belly of a Government is where the head of the Government, as in the case of our State Government, succumbs to the unconscionable, anti-social demands of his or her friends and favourites and compromises the greater, nobler, sublime cause of the common man.

Here in the present episode that Soft Belly had got exposed for the soldiers in the Trojan Horse to surprise and defeat the Government for the last 12 years!

I am aware that during this fight, yes fight, R.K. Ashram was lying low all the time trying to persuade the protesters see the good in the project; supplicating to a Government that kept its sphinx-like poker face. While the R.K. Ashram went to the Court for justice, so also the NTM School protesters went to the Courts in a multi-pronged attack.

'It is a pyrrhic victory. Truth has NOT prevailed. Call me superstitious, anything. This is a MIRACLE. Only, miracles take time, years, even eons to happen. Like our own country.

NTM School shifted

(Continued from page 1)

Despite appeals by Devaraja Police Inspector R. Divakar, Sudarshan continued his protest. Soon, farmer leader Hoskote Basavaraj too arrived at the spot and argued that NTM School cannot be shifted when the matter is in the Court. Later, Basavaraj too joined in the protest.

After some time, some other members of the Committee — P. Mallesh, Mohan Kumar Gowda, K.S. Shivaram, Balakrishna, T.S. Lokesh, K.R. Gopalakrishna and Jagadish Surya too arrived at the spot and expressed their opposition for shifting of the School.

The Police, as a security measure, had erected barricades on the road that runs in front of the School. BEO Ramaradhya and other officials displayed a copy of the GO on shifting of the NTM School. But still, the protestors continued to obstruct the shifting following which the Police took most of the protestors into custody.

However, Mallesh and Shivaram continued with the protest for some time before the authorities convinced them not to obstruct as a GO was being implemented. The two left the place, following which the transportation process was completed.

NTM School will not be merged: DDPI

Meanwhile, DDPI Ramachandraraje Urs said that NTM School has been shifted following a Court ruling and subsequent Government Order. The Government, which had earlier ordered merger of NTM School with D. Devaraj Urs School in Devaraja Mohalla, later modified its order instructing to re-locate the NTM School to Maharani Teacher Training Institute building.

Pointing out that the Maharani Teacher Training Institute building is located just 20 mts away from NTM School, Urs said that all the furniture have been shifted. Noting that all the children and their parents have been informed about the shifting of the School, he said that the classes will now be held at Maharani Teacher Training Institute building starting from today (Feb.4). He further contended that the NTM School has not been merged and will continue to function as NTM School in the new premises.

Save NTM School Committee to meet this evening

Even as the NTM School was shifted by the authorities, Save NTM School Committee leader P. Mallesh expressed his outrage against the Government. Speaking to presspersons in front of NTM School yesterday, Mallesh alleged that the present Government has handed over NTM School premises, whose land value is estimated to cost more than Rs.200 crore, to Mysuru Ramakrishna Ashram.

Contending that the Committee will continue its legal battle in the Supreme Court, he said that a conciliatory meeting was held in the presence of MP V. Sreenivasa Prasad, wherein it was decided to save 50 percent of the land for NTM School, while also allowing the proposed Viveka Memorial at the site.

Suttur Mutt Seer Sri Shivarathri Deshikendra Swamiji too had supported them, he said, adding that the Committee made great efforts to increase the admission in NTM School, which once had more than 300 students. Strongly condemning the Government's sudden action, Mallesh said that the struggle will continue. He expressed hope that the people of Mysuru will stand by them. Meanwhile, another Committee member Mohan Kumar Gowda said that the shifting of the NTM School was brought to the notice of MP Sreenivasa Prasad, when he said that a meeting has been convened at 4 pm today (Feb.4).

He pointed out that Prasad told them that Ramakrishna Ashram representatives too will be invited for the meeting during which they can be questioned on the sudden shifting of NTM School in violation of the earlier understanding between the Committee and the Ashram.

DHO flags off cancer awareness walkathon in city

Cancer awareness week to be held from today

DHO Dr. K.H. Prasad (fifth from right) flagging off the cancer awareness walkathon this morning. Picture right shows medical staff carrying placards with messages on cancer prevention during the walkathon in city thisw morning.

Mysuru, Feb. 4 (MTY&SSM)- District Health and Family Welfare Department and the District Administration in association with Clearmedi Radiant Hospital, as part of World Cancer Day, had organised Cancer Awareness walkathon from Kote Anjaneyaswamy Temple to the Deputy Commissioner's Office this morning to create awareness on prevention of cancer, early detection and treatment.

The walkathon was flagged off by District Health Officer (DHO) Dr. K.H. Prasad. About 200 people took part in walkathon which passed through K.R. Circle, D. Devaraj Urs Road, JLB Road, Metropole Hotel Circle and Hunsur Road before reaching the DC Office.

Speaking after flagging off the walkathon, DHO Dr. Prasad said, 'This year, World Cancer-Day is observed with the theme 'Close the Care Gap' by World Health Organisation (WHO) on Feb. 4 every year since 2000. WHO has come up with a three-year campaign from 2022 to 2024 to create awareness about the disease."

Pointing out that over 25 lakh people in the country are affected by cancer, the DHO said that in 2018, 11 lakh people in the country had registered themselves for cancer treatment and added that from 2019 till 2021, 8-9 lakh patients were registering their names to avail treatment every year.

"50 percent of registered patients were dying because of delay in detection and treatment for cancer. In order to stop the death ratio, people must take care of their health and must get treatment on time. Early detection and early treatment can save the patient's life which gradually decreases the death ratio,' the DHO said.

Stating that eating a lot of junk food, excessive eating habits, sedentary lifestyle without physical exercise, addiction towards cigarette, tobacco and alcohol and infection through various viruses were the main reasons for cancer, the DHO said that breast cancer was common in women, while lung cancer was common in men.

Women must get themselves tested during the early stages of the disease, the Dr. Prasad said that a free cancer testing camp has been organised tomorrow (Feb. 5) in Urban Primary Health Centre (UPHC) at Bannimantap, N.H. Palya, Kumbarakoppal, Rajendranagar, T.K. Layout, Shanthinagar, HHMBG, G.B. Palya. Subramanaynagar and Kuvempunagar.

Health Department Divisional Joint Secretary Dr. Uday Kumar, District Surveillance Officer Dr. Shivaprasad, Clearmedi Radiant Hospital Senior Doctor Dr. Arvind and others were present.

The following events will be held throughout the cancer awareness week from tomorrow.

Feb. 5 at 9.30 am: Inauguration of Cancer Screening Camp will be held in front of City Railway Station, near J.K. Grounds, followed by a seminar for Medical officers.

Feb. 7: Cancer awareness, information, education and screening of movie at slum areas around Primary Health Centres coming under Mysuru City Corporation (MCC).

Feb. 8: Awareness and education programme about cancer at all Primary Health and Wellness Centre limits.

Feb. 9: Interaction programme with cancer patients at Bharath Hospital and Institute of Oncology (BHIO) in Hebbal.

Feb. 10: Folk performance about cancer awareness at Urban Primary Health Centres.

Today (Feb. 4), doctors of Bharath Hospital and Institute of Oncology (BHIO) conducted awareness programme on Cancer to more than 1200 people at All India Radio, Marimallappa School and other places in city.

Hospital's Medical Superintendent Dr. M.S. Vishveshwara informed that there will be a free cancer screening test for everyone today and tomorrow at the hospital.

Mahesh Joshi and Ashok Haranahalli to be feted tomorrow

Mysuru, Feb. 4 (PM&DM)- Kannada Sahitya Parishat President Mahesh Joshi and Akhila Karnataka Brahmana Mahasabha President Ashok Harnahalli will be felicitated at a programme to take place at Sharadavilas college centenary Hall in Krishnamurthypuram at 10.30 am tomorrow (Feb. 5).

Announcing this at a press meet here yesterday, Mysuru District Brahmana Mahasabha President Dr. B.R. Nataraja Jois said that the two will be felicitated for having won the respective elections held late last year with a huge margin.

MLA S.A. Ramdas will inaugurate the programme, while MUDA Chairman H.V. Rjeev will preside. Hoysala Karnataka Sangha President H.R. Sundareshan, Sharada Vilas Educational Institutions Secretary Chandrashekar, District Kannada Sahitya Parishat President Maddikere Gopal, Senior Journalist Amshi Prasannakumar, Social worker Jayant and retired Tahsildar and columnist V. Ranganath will also be honoured on the occasion, he added.

NEET PG-2022 postponed

Centre defers medical entrance test by 6-8 weeks

New Delhi, Feb. 4 - The National Eligibility cum Entrance Test-Postgraduate (NEET PG 2022) which is scheduled to be held on March 12 has been postponed by six to eight weeks.

The Ministry of Health in a communication sent to the National Board of Examinations mentioned that the NEET PG 2022 date was postponed following representations received from doctors regarding request to delay medical entrance test since it is clashing with the counselling date.

"Also, many of the interns would not be able to participate in the PG counselling by the month of May/ June 2022. Keeping the above facts in view, Health Minister Mansukh Mandaviya has taken the decision to postpone NEET PG 2022 by six to eight weeks or suitably," the letter by Dr. B. Srinivas, Assistant Director General (Medical Education) and Member Secretary of the Medical Counselling Committee stated.

Meanwhile, the Supreme Court will also hear a plea today (Feb, 4) filed by six MBBS students seeking postponement of National Eligibility cum Entrance Test (NEET PG) exam 2022 which is scheduled to be held on March 12. As per the Supreme Court website, the plea seeking deferment of NEET PG 2022 has been listed for hearing before the bench of justices D.Y. Chandrachud and Surya Kant.

The plea filed in the Top Court sought directions to the NBE for postponement of the test until various requirements, such as completion of mandatory internship period, set forth in the PG Regulations, are met by many aspirants. Several hundred MBBS graduates, whose internship got halted due to Covid duty, would be rendered ineligible from appearing in the test due to lack of mandatory internship duty, the plea said.

The exam is conducted by the National Board of Examinations in Medical Sciences (NBEMS) for admission to postgraduate medical courses.

Can we cure cancer: The story of the 'smart' versus the 'shrewd'

By Dr. Naveen Jayaram Anvekar
MD, DM (Medical Oncology)
Consultant Medical Oncologist
Narayana Multispeciality Hospital, Mysuru

Dr. Naveen

When we talk of blood cancer to our patients, we call them the 'bad cells'. The story of cancer is thus often reflected as a struggle between the bad cells and the good ones. Yet, the perennial question lingers as to why the cells turn 'bad' or cancerous. Bad habits like smoking and excess alcohol have been blamed for certain types of cancer, but what is the trigger for the rest remains unknown. Study of blood cells and its inner complexities over the last 30 years has helped us somewhat understand the journey of a cell from the 'good' to 'bad' and to 'ugly'.

Each cell in our body is destined to behave in a particular way, depending on its surroundings, its function and its potential. This is a complex network governed by the expression of the genes within the cells or the lack of it. Every cell possesses the entire set of genes it inherits, yet different genes are expressed and silenced in the liver, heart and brain as their functions are very different. An aberrance in this function can lead to the death of these cells or uncontrolled proliferation — the latter being called cancer. There are innumerable stimuli in our daily environment for each and every cell in our body to turn 'rogue'. Yet, most of us never develop cancer in our lifetime and some unsuspectingly fall victim to these 'bad' cells.

The dichotomy lies in the cat and mouse game that goes on between the 'smart and alert' among the good cells (the immune cells) and the 'shrewd and deceptive' among the bad cells (the cancer cells). Once they cross the border of control, they establish themselves in the organ of their origin and often infiltrate distant parts of the body. If detected at early stages, they can be eradicated, but when they mingle with normal cells and go far and wide they become invincible.

Cancers of the blood cells (called leukemia, lymphoma, or myeloma), travel far and wide from the moment they have evaded the immune barrier, yet they remain the most curable of all the cancers. Immune cells are the 'smart' cells in the blood which have been studied for the last three decades, with new and exciting discoveries about them helping us believe that we can outsmart the bad cells. The treatment of cancer has moved from the age-old concept of poisoning all the cells with toxic chemotherapeutic drugs, hoping that the good ones survive through all the trauma to one where we can cleverly manipulate the smart cells of the immune system to kill the cancer cells. This is called 'immunotherapy' - when drugs or agents are used to manipulate the immune system to specifically target the cancer cells or 'cellular therapy' - when cells from the patient's own body or from another person is used to directly attack cancer.

We hope the successes in the field of blood cancers will instigate a paradigm shift in the treatment of solid tumours as well. The story of the 'smart' versus the 'shrewd' will unfold further over the next decade or so and we shall know if we have been smart enough to win over this disease.

Cancer Treatment: The treatment options for cancer the doctor recommends depend on the type of cancer, stage of cancer, patient's preferences, possible risks and side effects. Team of different types of doctors often work together to create a patient's overall treatment plan that combines different types of treatments. The treatment usually involves localised treatment (Surgery and Radiotherapy) and systemic therapy (chemotherapy, hormonal therapy, immunotherapy and targeted therapy).

Medical oncologist is a doctor who specialises in treating cancer with chemotherapy including hormonal, targeted, and immunotherapy.

Chemotherapy: Chemotherapy is a type of cancer treatment that uses medicines to kill cancer cells. It works by stopping or slowing the growth of cancer cells which divide rapidly. Damage to rapidly dividing healthy cells causes side effects. Other than traditional chemotherapy drugs, there are other drugs that work more specifically to treat cancer. These treatments cause different side effects.

Hormone therapy: Hormones are chemical messengers that are secreted directly into the blood, which carries them to organs and tissues of the body to exert their functions. Few cancer cell growth and survival are depended on hormones. This includes some breast and prostate cancers. Hormonal therapy changes the amount of hormones in body and suppresses tumour growth.

Immunotherapy: This type of treatment helps your body's natural defenses fight the cancer. Your body's natural defense system is called the immune system, so the treatment is called immunotherapy. This will play an increasingly important role in cancer treatment in the future.

Targeted therapy: Targeted cancer therapies are drugs or other substances that block the growth and spread of cancer by interfering with specific molecules ("molecular targets") that are involved in the growth, progression and spread of cancer. They are not often found in healthy cells.

Depending on the type and stage of cancer chemotherapy can cure cancer, control cancer, or ease cancer symptoms.

Common side effects

Side effects differ based on drugs used, protocol and schedule followed. It even varies from person to person. The common side effects are Fatigue (feeling tired or exhausted almost all the time), nausea (feeling sick to your stomach) and vomiting, Body ache, mouth and throat sores, anaemia (low haemoglobin level which causes fatigue, dizziness, and shortness of breath), leukopenia (low WBC count which raises the risk of getting infections), thrombocytopenia(low platelet count leading to bleeding manifestations), loose or watery bowel movements, constipation and loss of hair.

Preventing and treating side effects is an important part of cancer treatment. Many of these side effects can be avoided and treated with medications and supportive care. So the advanced technology is a hope rather than hype for cancer patients.

His deft hands shaping Nalwadi's five-feet bust

Single black schist from H.D. Kote used for carving

The bust will be installed at Lalitha Mahal Palace to mark its Centenary

Mysuru, Feb. 4 (GA&BCT)- The iconic Lalitha Mahal Palace, one of the city's most famous landmarks at the foothills of Chamundi, turned 100 last year. Commissioned by Nalwadi Krishnaraja Wadiyar to treat his guests, he laid the foundation stone of this palatial building on Nov. 18, 1921. The architecture was inspired by the St. Paul's Cathedral in London.

To mark the centenary celebrations, the State Government had ordered a bust of Nalwadi to be carved and the same was entrusted to Mysuru's sculptor Arun Yogiraj who had gained national attention after carving the 12-feet 3D statue of Adi Guru Shankaracharya in sitting posture which was unveiled by Prime Minister Narendra Modi in November 2021 at the Kedarnath Temple in Rudraprayag district of Uttarakhand.

Though the Lalitha Mahal centenary celebrations were cancelled due to COVID third wave, the works on carving the bust are in full swing and 90 percent of the works have been completed. The bust will be installed at the Lalitha Mahal premises.

Speaking to *Star of Mysore*, Arun Yogiraj said that he got an order to carve Nalwadi's bust from the Tourism Department in October last year and 90 percent of the works have been completed. "It is a single stone bust and the stone is black schist (Krishna Shile) from H.D. Kote. The bust weighs 450 kg along with the pedestal. The bust has a height and width of three feet and along with the pedestal it will be five feet," he added.

He said that the Mysore royal family had helped him to access rare photos of Nalwadi. "Pramoda Devi Wadiyar readily offered help and enabled me to access photos of the late Maharaja wearing the royal attire. We studied the features when he was at different stages of his life and then arrived upon a design. His facial features were matched with whatever photos that were available," he explained.

While many people have seen Jayachamaraja Wadiyar, Srikantadatta Narasimharaja Wadiyar and also Yaduveer Krishnadatta Chamaraja Wadiyar, not many have seen Nalwadi Krishnaraja Wadiyar and the data had to be taken only from the photographs, Arun said.

The Tourism Department has plans to conduct a grand centenary celebration befitting the stature of the Lalitha Mahal Palace and it all depends on the plateauing of the COVID third wave, he added.

Meagre Budget grant delays Railway projects

Rs. 5 crore for Naganahalli terminal;

Rs. 1,000 for Mysuru-Kushalnagar line!

Mysuru, Feb. 4 (BCT)- Though the total budgetary allocation to South Western Railway (SWR) for capital expenditure is Rs. 6,900 crore, claimed to be the highest ever grant, the new Satellite Railway Terminal at Naganahalli near Mysuru — that will greatly help in decongesting the Mysuru Railway Station — has got a meagre allocation of just Rs. 5 crore in the 2022-23 Budget.

Another project that received a minimum grant is the new Mysuru-Kushalnagar Railway line that has got just Rs. 1,000, signalling that the long-pending project will continue to be a non-starter.

The Kushalnagar line sought to be implemented in two phases — Mysuru to Kushalnagar (87.20 km) in the first phase and Kushalnagar to Madikeri in second phase (31.90 km). The project is mired in controversy over the concerns of environmental damage in the already fragile land of Kodagu.

A 2018-19 project

The Satellite Terminal at Naganahalli was sanctioned by the Railway Board in 2018-19 with an estimate of Rs. 789.29 crore. A DPR for phase-I works at a cost of Rs. 495 crore was submitted to the Board in August 2019 and has been mentioned in the Railways Pink Book No. 448. The project was targeted for completion by 2023-24.

Though the project has been listed among the 28 critical Railway Infrastructure Projects, the meagre budgetary allocation has put the project on the backburner. The State Government has a major role to play for the project to be a reality as it has to acquire land.

Over 165 acres of land is required for the project but certain farmers of the fertile belt in and around Naganahalli are refusing to part with the land.

Railway sources said that the techno feasibility study, cost benefit analysis, engineering and traffic surveys have been completed and the Railways has decided to execute the work in two phases with an estimated outlay of Rs. 496.29 crore for the first phase. The first phase proposes to lay 4 platform lines, 4 stabling lines and to maintain them together with station building.

Land acquisition tangle

In August last year, Mysuru-Kodagu MP Pratap Simha met Railway Minister Ashwini Vaishnaw to explain the importance of the Naganahalli project where the Minister was told that farmers have agreed to part with their land and even the State Government was interested in land acquisition.

However, sources said that the Infrastructure Development Department (IDD) of Government of Karnataka has not responded to the request of the Construction Department of SWR — entrusted with the task of completing this project — for bearing cost of land (165 acres) at the rate of Rs.1.25 crore per acre.

This lack of response from the IDD, according to sources, could be the reason for meagre allocation as any higher allocation would not have made sense unless the land was acquired.

Once the Naganahalli Terminal is operational, many new train services can be started from there to ease the pressure on the Mysuru City Railway Station that is presently handling about 90 passenger-carrying trains per day.

Naganahalli terminal can take care of the projected passenger traffic and achieve a growth of 10 percent annually for the next 20-25 years.

AIDSO stages protest

seeking postponement of final year MBBS exam

Mysuru, Feb. 4- Seeking postponement of final year MBBS exam, members of AIDSO (All India Democratic Students Organisation), staged a demonstration in front of the Deputy Commissioner's Office here yesterday.

Contending that only classes for seven months were held for final year MBBS students in the wake of COVID pandemic, instead of the normal period of classes of one year, the protestors argued that the academic syllabi has not been completed and even the mandatory clinical posting too has not been completed. Stating that in this backdrop it has become difficult for students to prepare for the exams, they urged the RGUHS to postpone the exam in the interest of students.

Pointing out that most of the States have postponed the exam, they said that the State Government too should give enough time for students to prepare for the exams. AIDSO Office-bearers Subash, Asiya Begum and others took part.

Gangotri students stage stir against poor quality food

Mysuru, Feb.4 (PM&DM)- Accusing the University authorities of supplying poor quality food, inmates of University of Mysore (UoM) New Post-Graduate Mens Hostel in Manasagangotri campus, staged a snap stir in front of the Hostel yesterday.

Alleging that the food supply contractor is not supplying good quality food grains and vegetables, the protestors claimed that consumption of poor quality food has caused damage to their health.

UoM Vice-Chancellor Prof. G. Hemantha Kumar who arrived at the spot, heard the grievances of the Hostel inmates. The students withdrew their protest after the V-C assured of forming a committee to check the quality of food grain supplies.

Mahesh Sosale, Manikantaswamy, Pramod Kote, Madesh, Venkatesh and others took part in the protest.

University of Mysore Vice-Chancellor Prof. G. Hemantha Kumar, hearing the grievances of hostel inmates who were protesting against supply of poor quality food yesterday.

WORD OF THE DAY

Homogeneous

Pronunciation: hoh-muh-JEEN-yus.
Meaning: Homogeneous means "of the same or a similar kind or nature."
Origin: Homogeneous comes from the Greek roots hom-, meaning "same," and genos, meaning "kind." The similar word homogenous is a synonym of the same origin.
Example: "A lot has changed for the better for the LGBTQ+ community since the 2015 Supreme Court decision in Obergefell v. Hodges.... LGBTQ+ individuals who live in rural or more homogeneous populations can more easily see and connect with people who understand them." — Carrie Vittitoe

THE ODD WORD

Hamose

Hooked.

PHRASE OF THE DAY

Hocus Pocus

Meaning: The phrase 'Hocus Pocus' refers to trickery of some kind, whether that trickery is meant in fun or used as a form of deception. The term is also used to describe mystifying jargon.
Origin: During the early 1600s, Hocus Pocus was a name commonly adopted by a juggler or magician. The name, and the words 'hocus pocus,' which were often chanted during tricks involving sleight of hand, is believed to be a perversion of the Latin blessing from the Catholic mass, Hoc est corpus meum, or "This is my body."
Example: "The salesman used a lot of hocus pocus to convince Jim to buy that car."

QUOTE BOX

Money and success don't change people; they merely amplify what is already there. **— Will Smith**

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.

Yuva Sangeetha Sambhrama-2022

Online concert by Vidu. Vibha Shree & party

Vidu. Vibha Shree

Vid. Amogh Nadadur

Vid. Nandan Kashyap

Mysuru, Feb. 4- Sri Thyagaraja Sangeetha Sabha Charitable Trust, Mysuru, will be presenting a vocal concert by Vidu. Vibha Shree from Hassan, under the 'Yuva Sangeetha Sambhrama' series, aimed at showcasing young talented musicians from Karnataka. The online concert will be premiered on Saturday (Feb.5) at 5 pm on Sabha's YouTube channel.

Vidu. M.S. Vibha Shree was trained in classical music by Vid. Prasanna Raghava and Vid. B.N.S. Murali initially and later she came under the tutelage of Vidu. Dr. Sukanya Prabhakar. She is a gold medallist in her Master's degree in Music and a recipient of scholarships from Karnataka Sangeetha Nritya Academy. She has performed in several platforms and won awards.

Vid. Amogh Nadadur, a disciple of Vid. H.K.Narasimhamurthy and Vid. Nandan Kashyap, a disciple of Vid. V.S.Ramesh and Vid. Pathri Sathishkumar will accompany her on violin and mridanga, respectively.

Avail Yeshasvini Health Scheme

Mysuru, Feb. 4 (SSM)- T. Narasipur Town Municipal Council (TMC) has invited applications from beneficiaries of Yeshasvini Health Scheme, who belong to SC and ST community and residing in T. Narasipur TMC limits for availing concession in hospital bill prescribed under the scheme.

Patients who have undergone surgeries at recognised hospitals under the scheme will be provided a concession of up to Rs. 80,000 from the Government. The last date for the submission of the applications is Feb. 15. The concession can be availed by submitting the applications along with a copy of verified reports from the doctor, BPL card, hospital bills, caste certificate, income certificate, ration card, Aadhaar card, bank pass book and passport size photos. Patients who have their surgeries scheduled later may submit the estimated hospital bill copy along with the application, so that the concession amount will be sent directly to the hospitals, according to a press release from T. Narasipur TMC Chief officer.

Story-Telling

Mysuru, Feb. 4- As part of 'Kathe Kelona Banni- 709,' Kalasuruchi has organised story-telling tomorrow by Venkatachala, Assistant Project Coordinator, DDPI Office, Mysuru, from 4.30 pm to 5.30 pm at Suruchi Rangamane, Chitrabhanu Road, Kuvempunagar.
